MEMORANDUM FOR: Director of Economic Research  
FROM: Director of Central Intelligence  
SUBJECT: Domestic Oil Production

STAT [redacted] is a  
friend of mine. We were talking a few days ago at a social event  
STAT but got onto the subject of oil production in the United States.  
I referred to some of my testimony before Senators Stevens and  
Bellmon. [redacted] offered to get together a group of real experts  
from his company and others and come in and talk with us about  
prospects for domestic oil production. Unless you feel otherwise,  
I'd like to set something like that up in early July. [redacted]
